WELCOME TO

FLAT ROCK, MINNESOTA

Where murder has made the playlist.

After ten years as a Military Police investigator, Tony DeLucca thought coming home would mean peace and quiet. He was wrong.

Days after returning to Flat Rock, local musician Derek Paulson is found dead and Tony's new landlord turns to him for help. His son, Ryan White, has been arrested for the murder—and Tony can't shake the feeling that the wrong man is behind bars.

What begins as a favor to a desperate father leads Tony through gambling debts, a missing guitarist with a violent past, and a trail of small-town secrets. With Ryan's preliminary hearing looming and the deputy chief determined to shut him down, Tony must decide which evidence to trust—and which people.

Solving a murder may be only the beginning of everything Tony didn't know he was looking for.
